Last 90 days

- Publication of the [Functional User Guides GS1 XML release 3.6](#).
- Clinical Trials continues to generate new requirements.
- Ongoing processing of GS1 EDI maintenance requests.

Risk

- Publication tools for EDI business terms allowing easy access and reuse.

Next 90 days

- Ongoing processing of GS1 EDI maintenance requests.
- Developing detailed plans for GS1 XML 3.7 & EANCOM next release.

Risks

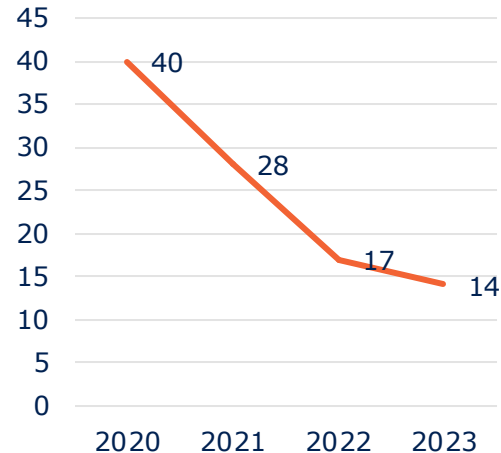

- Lack of tool to deliver the GS1 EDI Business Terms (Semantics / Dictionary) to leverage the semantic process (e.g., sharing definition across technologies).
