

GSMP Electronic health record patient demographics in GS1 barcodes MSWG

Project Lead: Greg Rowe

Report Date: April 2024
Expected project close date March 2025

Business purpose

- The objective of the MSWG is to build a set of new Application Identifiers to support the offline capturing / verification of patient demographic information. This will result in a General Specification Change Notice being developed

Key issues and risks

- None at this time

Accomplishments this period

- Team continued to work on comment resolution phase
- On the 21 March team call, all comments were resolved
- SME will update the GSCN with resolved comments and on 04 April MSWG call review with the team

Upcoming period activities

- On the 04 April team call, the team will do a final review of the updated GSCN and motion it to eBallot

GSMP Electronic health record patient demographics in GS1 barcodes MSWG

Overall Status

#	Standard/guideline Milestones	Due Date	Notes	#	Collateral milestones	Due date	Notes
1	Deliver GSCN for new Application Identifiers	Q2 2024		1	To be determined		
2	Deliver Implementation Guideline	Q1 2025		2			
3				3
