Electronic Data Interchange (EDI) Standards Maintenance Group (SMG)

Project Lead: David Buckley

Business purpose

This group processes all maintenance Work Requests for the EDI Standards: EANCOM, GS1 XML or EDI Semantics. It acts as a pool of experts for all EDI work and coordinates with associated Mission Specific work groups.

Stakeholders

SDL	David Buckley
CE/Sol Liaison	Piergiorgio Licciardello
SMG	Piergiorgio Licciardello
AG Liaison	Tom Eric Schmidt (Storck)
Chairs	Tom Eric Schmidt (Storck), Roman Strand (GS1 Germany)

Last 90 days

- Updated Code Lists and GDD per the agreed Maintenance Policy being implemented
- Supportive of efforts to update and refresh Global Data Dictionary quality

Risks

- Automation and quality of deliverables (a number of published items have required rework)

Next 90 days

- www.gs1.org/edi major update coming for semantics
- EANCOM 2016, Update 2021 in progress
- Update process for semantics needs to be defined.

Risks

- Need a tool to deliver the GS1 semantics in an easily consumable form.
