# GSMP EPC UHF Gen2 v3 Mission Specific Working Group (MSWG) WR – 21-320

## What business challenges are being solved

- The main objective of UHF Gen2 MSWG is to optimize the air interface based on lessons from the field
- Increase interoperability between the different pieces of GS1's Identify / Capture / Share portfolio
- Make RFID implementation and use easier
- Prevent proliferation of proprietary custom features

## Project deliverables status (completed documents are hyperlinked)
