

# Global Product Master Data (GPMD) Standards Maintenance Group (SMG) 1 of 2

Project Lead: Steve Robba

Report Date: July 2023

## Business purpose

This SMG will process all applicable work requests to maintain the GS1 Product Master Data standards. The primary focus is the GS1 standards used for product master data including: • Product Master Data Standards • GS1 Attributes, definitions, code lists, and guidance • GDSN solutions • GDSN Validation Rules • Global Data Model Standard • Attribute Definitions for Business. Additionally, the GPMD SMG also acts as a pool of experts for maintenance work efforts impacting Global Product Master Data and coordinates with associated Mission Specific work groups.
