

GSMP Web Technology Standards Maintenance Group (SMG)

Project Lead: Greg Rowe

Report Date: Q3 2024

Business purpose

This SMG will process all work requests (that do not require a Mission-specific Work Group) to enable GS1 standards to be fit for purpose on the web, i.e., the Web Vocabulary Standard & GS1-Conformant Resolvers.

Stakeholders

SDL	Greg Rowe
CE/Sol Liaison	Robert Beideman
SME	Phil Archer
AG Liaison	Terry Burton
Chairs	Shekar Nambi – Johnson & Johnson Eugen Sehorz – GS1 Austria

Last 90 days

- The following Work Request went through Community Review, eBallot and Ratified:
 - WR 24-111 - Healthcare Link Type epil_eifu
- Work Request 23-198 (GS1 Digital Link Compression standard) is on hold at this time.

Next 90 days

- Work on new WR 24-276 from GS1 Sweden to add two new attributes to the Web Vocabulary

Risks

- None at this time
