

Paxar Americas, Inc Printer Summary Report

Printer

Manufacturer	Paxar Americas, Inc
Product, Family	Monarch® Brand M09855 RFMP
Configuration Tested	FCC
GSRN of the Printer	950110126000000360
Name/ GSRN of the reader module	SIRIT (SAMSys) MP9311 950110126000000179
Frequency Bands	862-870 MHz <input type="checkbox"/> 902 – 928 MHz <input checked="" type="checkbox"/> 950 – 956 MHz <input type="checkbox"/>
*Tested Range:	1 meter
Notes	Models in this product family, utilizing the identical reader module, may be as interoperable as the tested printer. See printer manufacturer for details.

Inlay 1 IC 1

Name/GSRN of Certified IC	Impinj Monza 1A Tag IC 950110126000000087
Inlay Used	Paxar PN 18528901
Frequency Bands	862-870 MHz <input checked="" type="checkbox"/> 902 – 928 MHz <input checked="" type="checkbox"/> 950 – 956 MHz <input checked="" type="checkbox"/>
*Tested Range:	1 meter
Notes	Inlay configurations that utilize the identical certified IC may be as interoperable as the tested inlay. See printer manufacturer for selection of inlays for this IC.

Inlay 2 IC 2

Name/GSRN of Certified IC	Alien Higgs Tag IC 950110126000000223
Inlay Used	Paxar PN 18538201
Frequency Bands	862-870 MHz <input checked="" type="checkbox"/> 902 – 928 MHz <input checked="" type="checkbox"/> 950 – 956 MHz <input checked="" type="checkbox"/>
*Tested Range:	1 meter
Notes	Inlay configurations that utilize the identical certified IC may be as interoperable as the tested inlay. See printer manufacturer for selection of inlays for this IC.

*The distance between the written label and QE reader antenna
IC – Integrated Circuit
