

Product Image Standard

Secondary Images

Secondary images, serve the purpose of furnishing extra details about the product, assisting consumers in making informed purchasing decisions.

These images may not always showcase the product or its packaging directly.

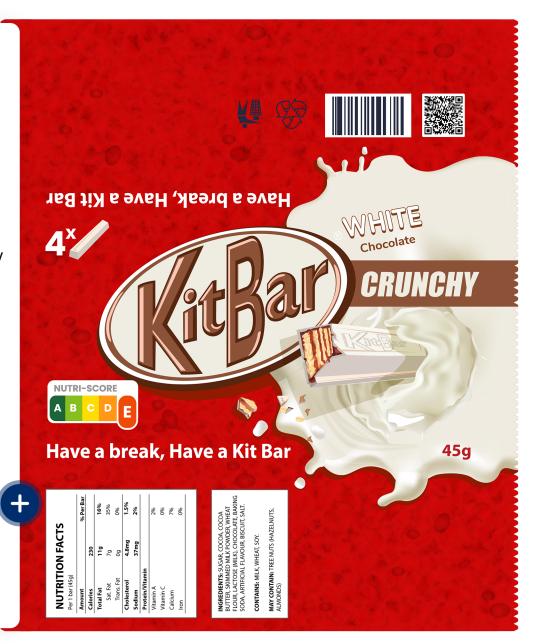

Chocolate Bar

IMAGE TYPE - L2 Nutritional Label

- Nutritional Label is a portion of the full flat layout, specifically identifying the regulated information related to a product's nutritional composition
- Given the nature of the content, this image type only applies to consumable food products
- Regulated Nutritional label must follow local regulations
- Background colours may be used

Chocolate Bar

 The Ingredients image is a list of ingredients printed on the packaging

It may be separated by language in multiple areas on the product and should be identified with the language expressed in the metadata associated and the appropriate position for GTIN based naming

INGREDIENTS: SUGAR, COCOA, COCOA BUTTER, SKIMMED MILK POWDER, WHEAT FLOUR, LACTOSE (MILK), CHOCOLATE, BAKING SODA, ARTIFICIAL FLAVOUR, BISCUIT, SALT.

Have a break, Have a Kit Bar

ave a Kit Bar
