Last 6 months

- Ongoing processing of GS1 EDI maintenance requests.
- Fully operationalized updates to <https://navigator.gs1.org/edi> for new and updated codes.
- Productive hybrid meeting at the April standards event.

Risk

- Keeping pace with increasing regulations.

Next 6 months

- Ongoing processing of GS1 EDI maintenance requests.
- Detailed plans for next EANCOM & XML release.
- EDI requirements from MSWGs (e.g., EU deforestation regulation & Digital Freight Interoperability (DFI)).
- Improve process on cross standard Code List harmonization.

Risks

- Publication of XML & EANCOM very time intensive.
