

New Healthcare GTIN Allocation Rules MSWG

Project Lead: Greg Rowe

OGSM
Report Date: October 2025
Expected project close date Q2 2026

Business purpose

- Update the current Healthcare GTIN Allocation Rules Standard to make the content applicable to today's environment.
- Over the past 5 years since the original standard, the business environment and needs have changed.

Key issues and risks

- None at this time

Accomplishments this period

- Team conducted much discussion on the structure of the document
- Chairs and GS1 SME asked the team to do a final review of the Standards Table of Content structure so we can move forward to reviewing sections
- Sue Schmid moved to GS1 Global Office, team approved Pascal Aulagnet – Pfizer as Co-Chair

Upcoming period activities

- Team finalises the Table of Content
- Begin reviewing each section of the standard
