GSMP Electronic health record patient demographics in GS1 barcodes MSWG

Project Lead: Greg Rowe

Business purpose

The 2nd and final phase of the MSWG is to develop an implementation guideline to support the implementation of the Global Service Relation Number (GSRN) along with other complementary GS1 identifiers e.g., the Service Relation Instance Number(SRIN), AIDC Media Type Identifier, Version Control Number (VCN) and the newly created demographic identifiers.

Key issues and risks

- None at this time

Accomplishments this period

- GSCN Ratified
- Implementation Guideline in 30-day public review
  - Review is from 20 March to 18 April

Upcoming period activities

- SDL and SMEs will review and work on comments as they come in during the public review period
- Begin review of comments with team on the 24 April team call

GSMP Electronic health record patient demographics in GS1 barcodes MSWG
