New EU requirements for MUDI Updates MSWG

OGSM
Report Date: January 2026
Expected project close date Q2 2026

Project Lead: Greg Rowe

Business purpose

- This group will develop the appropriate solution. The European (EU) Commission submitted a work request to develop the creation of "Master UDI-DI" for spectacle frames, spectacle lenses and ready-to-wear reading spectacles as part of the UDI requirements based on the European Medical Device Regulation (MDR).

Key issues and risks

- EU COM delegated act has not been finalised. The team is moving forward with the current understanding of the potential language in the delegated act which could impact the draft GSCN.

Accomplishments this period

- Team completed review of the team feedback
- It was agreed on the 18 Dec team call that the team will conduct one more final review of all resolutions before motioning the BRAD to eBallot

Upcoming period activities

- Conduct final review in January 2026
- Motion BRAD to eBallot in February 2026

New EU requirements for medical devices identification MSWG
